Professional Summary

Enthusiastic and detail-oriented Frontend Developer with 3 and a half years of hands-on experience building responsive websites and web applications. Passionate about learning new technologies and continuously improving coding skills. Currently deepening my knowledge in Python and Flutter to enhance my development toolkit.

Technical Skills

- **Frontend:** HTML, CSS, JavaScript, React, Next.js, TypeScript
- **Backend:** Node.js, Python
- **Mobile:** Flutter, Dart
- **Design:** Figma
- **Testing:** Playwright
- **Tools & Platforms:** Git, GitHub, Vercel, Prisma, Jira, Slack, Storybook

Professional Experience

Aug 2022 – March 2026 B2i Healthcare, an IQVIA business, Hungary

Frontend Developer

B2i Healthcare is a software engineering firm specializing in SNOMED CT and other healthcare terminology standards. It provides tools and services to help maximize the features of SNOMED CT.

Project: Snowray

Responsibilities:

- Developed and maintained responsive web application components for Snowray
- Collaborated with designers and backend developers across a global team to deliver seamless user experiences.

- Implemented new features and fixed bugs based on user feedback and testing.
- Participated in code reviews and team meetings to improve code quality and team collaboration.

Achievements:

- Enhanced application performance and optimized loading times for a platform used daily by hospitals and other medical institutions.
- Conducted thorough testing and debugging to ensure a consistent, reliable user experience across the application.

Tech Stack:

HTML, CSS, JavaScript, TypeScript, React, Next.js, Node.js, Figma, Playwright, Git, GitHub, Vercel, Prisma, Jira, Slack, Storybook
